HB 425

Dear Members of Montana's 64 Legislature and Honorable
Members of Montana's House Judiciary Committee:

Please VOTE YEA for Constitutional Amendment and HB425!
It is time the People of Montana and you as are their
Representatives recognize that and unborn baby, child, infant,
whatever the rhetoric is afforded the same status as I have at any
stage of HIS/HER development. We have the Awesome
Responsibility to Participate in Our constitution and recognize that
Judicial Supremacy has been wrong in the past and overturned ie
Dred-Scott. As a citizen of Montana in the United States of
America, and a taxpayer, and a human being, I ask of you to be
courageous in the face of the opposition. This will not outlaw
abortion. It is simply a request of you that is based on logic, science
and common decency! You know as well ,as or, better than me, that
if a fertilized human egg were anything else but a preborn human
when born, this would be a huge surprise to the parents...and a
medical newsmaker. Our Constitution does and unless changed,
state and give protection to ALL MEN(and WOMEN)! These rights
are UNALIENABLE. That must mean my life and yours... At what
point did this begin for me or for you? Were you or I ever NOT a
human? When we declare ourselves "less than human" then we
degrade our very existence and You Legislators are very human!
You make a difference in my life! Thank You for your Service!
